

Feedback on SOCL923 Critical Methods in Media and Cultural Studies, 2016

Reading for the course

How hard did you find the reading for this course?

Were any readings too difficult?

Did any readings stand out as particularly useful or relevant?

The guest researchers

How useful were the sessions with the guest researchers?

The group research project project

Did the group research project cause you any problems?

Did members of your group work well together on the project?

How hard did you find the practical activities and writing for the blog?

Other

Do you feel there are any major gaps or missing methods in the course?

Are there any methods or approaches you would like to know more about? Any other suggestions for the course?
